

with the language that is in 598 right now that says that it excludes, it excludes it from being enforced if the unopened...or that if the open bottle is located within a motor vehicle but is not accessible to the operator while the motor vehicle is in motion, that accessibility is not defined. Nobody knows what accessible means. Nobody knows what...nobody can say what accessible means. And as I pointed out, and as I pointed out earlier, I think we are...with that in there we are passing a law that once again makes it totally unenforceable which I thought was Senator Sieck's...the opposite of his position. I think Senator Sieck is right. I think this amendment will put the bill back to where the original statute then could be enforced. Senator Marsh raised the question about what happens following a wedding reception. Well, I would suggest to her that if there is...if you have got a van or a station wagon and you have got liquor that you are transporting home in that van or station wagon and there are several people in that van or station wagon, you are going to be illegal anyhow even with the amendment in there, or even with subsection (b). My amendment strikes subsection (b). I think it then makes the law accessible and I would urge the adoption of it. Thank you, Mr. President.

SENATOR VICKERS: Well, Mr. President, rather than waste time, why don't I just ask for a call of the house and a roll call vote.
